

Peer Review and Publication Policy

Review Process

1. Desk Review (within 15 days)

- The editors will check your paper's fit with the journal themes, whether it's complete, and if it follows formatting guidelines. If it doesn't match, the corresponding author will be notified accordingly

2. Double-Blind Peer Review

- We send your paper to **three anonymous reviewers**. Neither they nor you know each other's identities.
- Your paper needs at least **two positive reviews** to proceed further.
